Fort Worth, TX 76177

April 1, 2017

Subject: Made in America

Dear Customer:

In accordance with the American Recovery and Reinvestment Act, Section 1605, WL Plastics Corporation manufactures polyethylene pipe in manufacturing plants in the United States of America. All WL Plastics polyethylene pipe products are marked to identify the manufacturing site. Pipe that is manufactured in the United States of America ("Made in America") has one of the following identification markings on the pipe:

"WL Plastics WY" – Pipe manufactured at WL Plastics, Mills, WY USA

"WL Plastics UT" – Pipe manufactured at WL Plastics, Cedar City, UT USA

"WL Plastics TX" – Pipe manufactured at WL Plastics, Bowie, TX USA

"WL Plastics GL" – Pipe manufactured at WL Plastics, Gillette, WY USA<sup>1</sup>

"WL Plastics WTX" – Pipe manufactured at WL Plastics, Snyder, TX USA

"WL Plastics KY" – Pipe manufactured at WL Plastics, Elizabethtown, KY USA

"WL Plastics GA" – Pipe manufactured at WL Plastics, Statesboro, GA USA

WL Plastics Corp. also manufactured polyethylene pipe in Canada. Pipe that is manufactured by WL Plastics Corp. in Canada has the following identification markings on the pipe:

"WL Plastics CG" and "Made in Canada" – Pipe manufactured in Crossfield, AB Canada<sup>2</sup>

Sincerely,

WL Plastics Corporation
