

For Immediate Release

## WL Plastics receives ISO 9001:2008 Certification

January 20, 2010

*Ft. Worth, TX* – WL Plastics announces ISO 9001:2008 Certification for its quality system. ISO 9001:2008 Quality System Certification is registered for WL Plastics Corporation, Ft. Worth, TX, and its manufacturing plants at Bowie, TX; Mills, WY; Cedar City, UT and Crossfield, AB.

WL Plastics ISO 9001:2008 Quality System Certification was received January 11, 2010 and will be maintained through ongoing audits by FM Approvals LLC, an accredited ISO Quality System Registrar. The scope of WL Plastics ISO 9001:2008 certification is for the *Manufacture of High Performance High Density Polyethylene (HDPE) Pipe and Related Products for the Oil, Gas, Mining, Industrial and Municipal Water Markets (Excluding: 7.3 Design And Development Planning)*; Registration No. 100101.1.

From its inception in 1999, WL Plastics has become one of North America's leading manufacturers of quality, high performance HDPE piping products. With plants in the U.S. and Canada, WL Plastics piping products are manufactured to strict ASTM, AWWA and API standards and its products have secured NSF-61 certification for potable water, and FM Approval for underground fire water systems. WL Plastics and its products have long been recognized for service and quality; a reputation earned and validated by ISO 9001:2008 Certification.
